2025

Why Kaunas?

Kaunas, Lithuania's second largest city balancing a contemporary European point of view and authentic Baltic values, is strategically the most convenient meeting point in Lithuania. It's also an important crossroad between the Baltic countries, Scandinavia, Central and Eastern Europe for both traveling by land and air. The network of hotels and public spaces in Kaunas is more than ready to satisfy diverse needs starting from tete-a-tete negotiations and small seminars all the way to major conferences and city-wide events.

In recent years, Kaunas has undergone a remarkable transformation, witnessing significant changes and developments. One of the most noteworthy milestones was the city's recognition by UNESCO, earning the prestigious heritage label that celebrated its rich architectural and cultural history. This designation brought renewed attention to Kaunas' architectural treasures and promoted preservation efforts. Additionally, as the host of the European Capital of Culture in 2022, Kaunas embraced its role as a cultural hub, welcoming a multitude of artistic and creative initiatives. This honor not only showcased the city's vibrant arts and cultural scene but also encouraged community engagement and international collaboration. Kaunas has truly evolved into a dynamic and culturally rich destination, offering a blend of historical significance and contemporary creativity.

A place whose genius loci can only be described as "Kaunastic": a combination of modernist architecture, street art, whispers of the Hanseatic past, and cultural activities that you can both find on a grand stage or encounter from the balcony of your residential building. It is where basketball started in Lithuania many years ago and is still worshipped, yet it is also home to many great sportsmen from other fields. The color green represents both the fiercely beloved basketball team Žalgiris and the ever-present greenery of the city, with its hills, parks, riverbanks, pine forests, and flowerbeds. All of this is infused with local and Lithuanian delicacies, including a cordial made of 27 herbs, pink soup, and donuts that have been lovingly fed to generations of people from their frozen-in-time spot on Laisvės alėja.

Arrival

Planning a trip to Kaunas? Here are the most convenient ways to do that.

By plane:

You can fly directly to Kaunas from more than 20 cities in Europe (check the timetables on the website of Kaunas International Airport). Kaunas International Airport is located in the central part of the country, 14 km northeast of the Kaunas city centre and 100 km west of the capital Vilnius. Hop in the city bus #29 (its timetable is adjusted to the arrivals schedule) to reach the city centre for the most affordable price – 1 Eur! Regular taxi (we recommend the eTaksi, eTransport, BOLT app, UBER app is also an option, but less popular), CITYBEE and BOLT car sharing service are all available at the airport too. Conveniently, a shuttle bus can take you to Vilnius, Klaipėda and Riga or to Kaunas International Airport from the aforementioned cities. www.kaunas-airport.lt

By bus:

Kaunas Bus Station is one of the most modern in the region – not only it looks great in pictures, but is open 24/7 and offers plenty of activities for those waiting for inter-city and international buses. Jazz concerts and movie screenings pop up from time to time – consider yourself lucky if you catch one! Intercity and international coach services are provided by Kautra, Eurolines, Ecolines, Flixbus, Toks and Lux Express. Check the timetables and buy tickets online. The bus station is not far from the city centre – it takes less than 15 minutes on foot to reach St. Michael, the Archangel (Garrison) Church (also known as Soboras), one of the landmarks of Kaunas. www.autobusubilietai.lt

By train:

Kaunas is conveniently accessible by train from Vilnius and other cities in Lithuania and abroad, including Warsaw and Krakow. The ongoing Rail Baltica project will further enhance connectivity, providing fast and comfortable connections between Kaunas, Riga, Tallinn, and Warsaw. Laisvės alėja, the main street in Kaunas, is just a 15-minute walk from the railway station. For timetables and ticket purchases, it is recommended to check online. www.ltglink.lt

Useful information

Lithuania:

Capital: Vilnius
Time zone: UTC +2
Currency: Euro
Official language: Lithuanian
Country code: +370
Climate: European continental influenced climate with warm, dry summers and fairly severe winters.
Electricity: 220V

Visas:

Lithuania is an EU member country and Schengen Area member. Citizens of EU countries and 30 other states, including Australia, USA, Japan, New Zealand, South Korea, etc., can stay in the Schengen Area for a period of 90 days without a special visa. More information: www.urm.lt

Public transportation:

A comprehensive network of buses, trolley-buses and regional buses is at your service in Kaunas. You can buy single paper tickets on board, e-Ticket that can be conveniently topped up with public transportation tickets or download **Žiogas** app to easily board a bus or trolleybus. Check ticket prices and timetables at www.kvt.lt/en/. For real time schedules, you can also download **Trafi** app.

Kaunas city public transport service centre at Laisvės al. 114, Kaunas (opposite the E. Ožėškienė st. stop);
Opening hours: Mon-Fri 7.30am-6.30pm. (without a lunch break, an hour shorter on the eve of holidays).

Tourist information:

You can satisfy your tourism information needs by visiting the official centres situated in the city centre (Laisvės alėja 36, Rotušės a. 15), as well as at the Kaunas bus station, airport, and railway stations. Our knowledgeable staff, along with guides, maps, and brochures, are readily available to assist you in uncovering the most captivating routes, locating the finest brunch or dinner venues, and organizing exciting tours.

Monte Pacis ★★★★★

Pažaislis Monastery at Kaunas Lagoon is one of the most exquisite examples of baroque in the region – this is exactly where Monte Pacis hospitality complex is located. Conferences, seminars and other events can be combined with guided tours and workshops. The contemporary restaurant is yet another object of interest; a lot of the products are locally grown and some of the recipes are borrowed from the monastery.

Raudondvaris Manor

Raudondvaris Manor is a significant architectural monument representing Lithuanian Renaissance style, dating back to the early 17th century. Situated on the upper terrace of the right bank of the river Nevėžis River, near its confluence with the river Nemunas River, in close proximity to Kaunas, the manor holds historical importance. The centerpiece of the Raudondvaris Manor ensemble is the castle palace, featuring a prominent tower. Complementing the palace are two official buildings, an orangery, stables, and an icehouse, all set within a 3.8-hectare park. Together, these elements form a cohesive and unified manor ensemble.

Raudondvaris Manor Castle serves as a versatile venue for a range of events and activities. It hosts civil registration ceremonies, conferences, chamber concerts, and visits from domestic and foreign diplomats, as well as cultural, tourism, and business representatives. Visitors to the castle can also participate in sightseeing or theatrical tours, which culminate in historic dances, and have the opportunity to purchase unique manor souvenirs.

Raudondvaris Manor Art Incubator is a cultural and artistic space located in the former neo-Gothic stables from the 19th century. It opened its doors in 2015 and offers a range of facilities including a mobile 500-seat theater and concert hall, an exhibition space, and residences for artists and artisans. The Art Incubator not only serves as a venue for cultural events but also promotes small and medium-sized enterprises (SMEs). Currently, there are studios dedicated to interior design, costume design, amber, ecological candles, ceramics, holidays, and linen products. The creators of the Art Incubator also organize educational workshops for both local and foreign tourists throughout the year.

Culture Ship/Dredger Nemuno7

The culture ship - dredger Nemuno7 (Kultūros laivas-žemkasė „Nemuno7“) - is a unique European project of river technology, landscape design and contemporary art. Nemuno7 is the original name of the dredger used to deepen the riverbed in the river Nemunas. Built in 1965 in what was then Czechoslovakia, it can no longer be used for its intended purpose due to outdated technology that is harmful to the river ecosystem. Instead of destroying it, a more sustainable solution has been chosen: to give it a new role and transform it into a cultural space. The transformed object in Zapyškis, on the left bank of the Nemunas, was established in the spring of 2022. The project is developed in cooperation with Kaunas and Kaunas District - European Capital of Culture 2022.

Nemuno7 is moored on the left bank of Nemunas, in Zapyškis. You can visit it between May and October. In winter, the ship is towed to the winter harbour.

Kaunas Sports Hall (Kauno sporto halė)

Kaunas Sports Hall is a distinguished sports and entertainment arena located in Kaunas. As the first arena in Europe specifically designed for basketball, its construction commenced in December 1938 and was completed in under six months. Following a recent reconstruction in 2022, Kaunas Sports Hall now accommodates a diverse array of events beyond sports.

Featuring VIP boxes and conference spaces equipped with projectors, screens and sound systems, it offers a premium experience for various conferences, meetings, etc.

The main hall serves as a versatile space for sports and entertainment functions, with the option to rent a quarter, half, or three-quarters of the facility.

Conference Hall	m2	The maximum possible number of participants					
VIP boxes / Conference spaces I-VI	50	30	20	18	15	18	30
Main hall	1343.48	2000	-	-	-	500	2500

Darius and Girėnas Stadium (Dariaus ir Girėno stadionas)

Darius and Girėnas Stadium is a prominent football and athletics venue located in Kaunas. Originally established in 1924 and recently renovated in 2022, it stands as the largest sports arena of Lithuania. With a seating capacity of 15,000 for sporting events and up to 55,000 for concerts, the stadium offers a versatile space for various gatherings.

Distinctive conference areas provide picturesque views of both the Darius and Girėnas Stadium and the scenic Oak Grove.

Conference Hall	m2	The maximum possible number of participants					
Conference space I	225.67	90	50	-	-	60	120
Conference space II	269.15	90	50	-	-	60	120
Conference space III	299.11	90	50	-	-	60	120

Various spaces

Science Island (Mokslo sala)

Science Island is the first center for popularizing science and innovation in Lithuania. A permanent exhibition combining 140 interactive objects, a modern planetarium, STEAM laboratories, conference rooms, and various cultural and educational activities await visitors here. Recently, the building, located on the coast of Nemunas in Kaunas, has attracted passers-by with its unique architecture, the main highlight of which is its 27 m diameter, shining disk supported on just one beam. Science Island has a striking combination of real science and entertainment, disproving the myth that fun does not equal value. Here, everyone is invited to search, make mistakes and try innovative methods, discover inspiration and love for science anew.

Conference Hall	m2	The maximum possible number of participants					
Conference Hall 1	121	107	64	54	34	72-90	120
Conference Hall 2	118	107	64	54	34	72-90	120
